

**THERE'S NEVER A DULL MOMENT** on the ranch! In your down time there are many relaxing gazebos on the property to sit and read or just take in the scenery. In addition to hunting deer, all guests are welcome to fish our ponds that are heavily stocked with many fish species. After a full day of hunting, take a relaxing dip at the hot tub pavilion or have a cocktail around the fire pit. Prior to any hunting, you will be able to site your gun in at our outdoor range to make sure you are on target. Take a look around the website, give us a call, and book your whitetail hunt of a lifetime! Remember: if you are looking to just get away and hunt or entertain a large number of guests, or even host a company retreat, Premier Whitetail Retreat has all you are looking for and much more!
